Every letter stands for a different letter, the same way through the whole puzzle. Write your guess on the line under each letter. Three letters are given to start you off:

M = E W = L I = U

CDM AMC CWM GFRXG, CDM

WMP EMG KZFTC KYHR, PRK P

X Y Y K N I J J W M T F W W G C D M

SIFMC DYZ.

*Stuck? Start with the one-letter words: they usually decode to A or I.
Then look for a three-letter word that repeats.*
